THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.

SUBJECT:

DOCKET NO. 2019-365-E - Exploration of a South Carolina Competitive Procurement Program as Allowed by South Carolina Code Section 58-41-20(E)(2) (See Directive Issued on November 25, 2019) - Staff Presents for Commission Consideration a Discussion of a Procedural Schedule for the Docket.

COMMISSION ACTION:

The Commission opened this docket for the competitive procurement of renewable energy on November 26, 2019, in compliance with Code Section 58-41-20(E)(2). Since that time, it has become apparent that competitive procurement overlaps several key subject areas that involve a great deal of complexity, including the IRP process, interconnection, energy storage, and queue reform, all of which this Commission will be considering in its Act 62-associated dockets.

Due to this complexity, I move that we schedule a generic workshop on Monday, January 27, 2020 for the purpose of hearing from interested stakeholders regarding how to create programs for competitive procurement that address these overlapping issues and how to prioritize them. Those who are interested in participating must notify the Commission in writing by January 21 if they wish to participate and whether they wish to make a presentation. If planning to make a presentation, participants will be also expected to provide brief written overviews of their presentations at the time of their notification of participation.

I look forward to learning more about the intricacies and interrelation of these areas with competitive procurement and planning the next steps for renewable energy in South Carolina.
